# Suhans Chemicals Private Limited

[www.suhanscatalyst.com](http://www.suhanscatalyst.com)

Manufacturer of **Nickel Catalyst for Edible Oil Hydrogenation** and **Nickel Catalyst for Castor Hydrogenation** for over 25 years. We take pride in being an **ISO 9001:2008 certified** low cost manufacturer of good quality nickel catalysts.

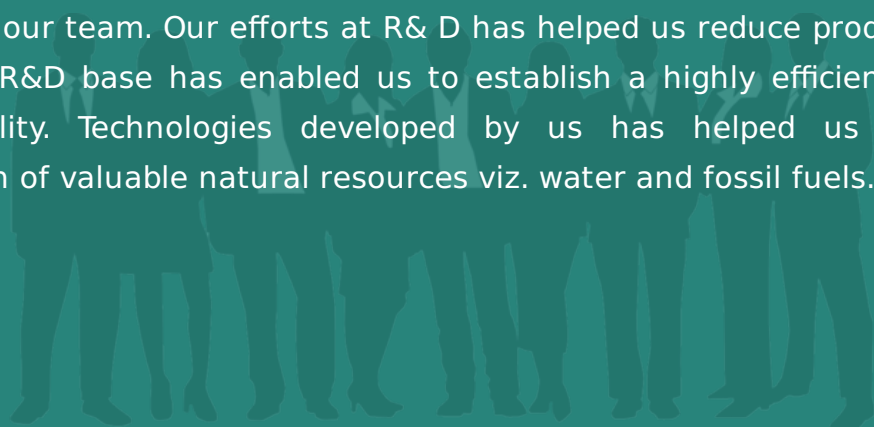

## Profile

**Suhans Chemicals**, established in **1982**, is a leading **Manufacturer, Supplier and Exporter of Nickel Catalyst, Nickel Catalyst For Edible Oil Hydrogenation, Metal Recovery Technology, Dry Reduced Nickel Catalyst, Nickel Catalyst for Castor Hydrogenation and Nickel Catalyst for Oleo Chemicals in India**. The technology used to manufacture nickel catalysts at our plant in **Jalgaon, Maharashtra, Central India**, is the dry reduction technique. We have gained extensive experience in manufacturing nickel catalyst for oil & fatty acid hydrogenation during the last 25 years.

We have developed and fine tuned process conditions such that our catalysts are being successfully used on a wide variety of feedstock / substrates. During the past 25 years, we have fine tuned process parameters to ensure consistently high quality products. We have attained a high level of automation in our manufacturing processes with supervisory control data acquisition system. We are now fortunate to be recognized as a reasonably priced, reliable manufacturer of consistently good quality catalysts. Constant innovations and cost reduction plans have helped us to become cost-competitive and win the loyalty of our customers.

We currently command a sizeable market share in terms of number of customers and over 90% of our customers have been loyal over a period of 10 years. We have a tradition of developing, fine tuning and efficiently managing processes. Complete know-how for dry reduction technique was researched and developed in-house by our team. Our efforts at R&D has helped us reduce production cost. Our strong R&D base has enabled us to establish a highly efficient nickel recycling facility. Technologies developed by us has helped us to reduce consumption of valuable natural resources viz. water and fossil fuels.

## OUR PRODUCTS:

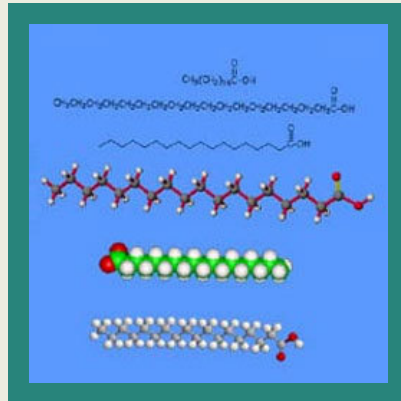

Nickel Catalyst Grade

Nickel Catalyst Grade

Nickel Catalyst Grade

Nickel Catalyst Grade

## OUR PRODUCTS:

Nickel Catalyst Grade

Industrial Dry Reduced Nickel Catalyst

Metal Recovery Chemicals

Nickel Catalyst Grade SCAT

# Factsheet

Year of Establishment : 1982

Nature of Business : Manufacturer, Exporter, Supplier, Trader, Importer

---

Total Number of Employees : 11 to 25 People

---

Primary Competitive Advantage : Experienced R & D Department  
Good Financial Position & TQM  
Large Product Line  
Large Production Capacity

---

Contract Manufacturing :

---
